

RosalinTM Cream

Oxymetazoline Hydrochloride 1%

Presentation

RosalinTM Cream: Each gram cream contains Oxymetazoline Hydrochloride BP 10 mg.

Description

Rosalin is a topical cream containing 1% Oxymetazoline Hydrochloride BP. Oxymetazoline is an α_{1A} adrenoreceptor agonist and acts as a vasoconstrictor.

Indication and uses

RosalinTM cream is indicated for the topical treatment of persistent facial erythema associated with rosacea in adults.

Dosage and administration

For topical use only, it is not for oral, ophthalmic or intravaginal use. Apply a pea-sized amount of the cream, once daily in a thin layer to cover the entire face (forehead, nose, each cheek and chin) avoiding eyes and lips. Wash hands immediately after applying the cream.

Contraindications

None

Side Effects

Most common side effects are application site dermatitis, worsening inflammatory lesions of rosacea, application site pruritis, application site erythema and application site pain.

Precautions

- Alpha-adrenergic agonists may impact blood pressure. Advise patients with cardiovascular disease, orthostatic hypotension and/or uncontrolled hypertension or hypotension to seek medical care if their condition worsens.
- Use with caution in patients with cerebral or coronary insufficiency, Raynaud's phenomenon, thromboangiitis obliterans, scleroderma or Sjögren's syndrome and advise patients to seek medical care if signs and symptoms of potentiation of vascular insufficiency develop.
- Advise patients to seek immediate medical care if signs and symptoms of acute narrow-angle glaucoma develop.

Use in Pregnancy and Lactation

The safety of oxymetazoline during pregnancy and lactation has not been established, but use during this period is not considered to constitute a hazard.

Overdose

RosalinTM is not for oral use. If oral ingestion occurs, seek medical advice. Monitor patient closely and administer appropriate supportive measures as necessary.

Storage

Do not store above 30 °C. Keep away from light and out of the reach of children.

Commercial pack

RosalinTM Cream: Each tube contains 50 gm cream.
